FIRST CIRCULAR

on

2nd International Scientific Conference on Cereals – their products and processing

Debrecen, Hungary
October 7-8, 2010

An Invitation from Organizers

We are pleased to invite you to **International Scientific Conference on Cereals – their products and processing**, organized in Debrecen, Hungary from the **7th to 8th October 2010**. The aim of Conference is to give relevant information about all parts of cereal science, from production to storage and qualifying, as well as their primary and secondary processing. We also like to make an opportunity for discussion on actual questions and new trends of the world of cereals for researchers, growers, industrial and government specialists, and all others who are interested in these topics.

We hope that we will meet and get together in Debrecen.

Prof. Dr. Zoltán Győri,
President of the Organising Committee

Programme

The two-day long Conference includes invited lecturers, oral and poster presentations and exhibition of process and laboratory equipment.

Topics

Cereals, ingredients and product quality
New possibilities in quality analysis
Application of NIR/NIT technologies in quality analysis
Storage and handling of cereal grains
Primary processing of grains (milling, grinding and husking technologies)
Developments in bread technology
Extruded goods, pasta and pastry production
Rheology
Cereals safety
Role of cereals in the market of functional foods
Non-food processing possibilities
Cereals in health promotion
Others

Conference languages

The official languages of the Conference will be English.

Conference venue

The Conference will be held in the Regional Centre of the Hungarian Academy of Sciences (49. Thomas Mann street, Debrecen).

Accommodation

As the second biggest town in Hungary, there are several accommodation possibilities in Debrecen. The Organizers of Conference offers several alternatives for participants – depending on the requests from superior to student hostel.
