

**Communication 7 October 2005**

Dear ICC Task Force Member,

**ICC Mycotoxin Task Force Meeting in Orlando, USA**

First of all I would like to thank you for your interest in participating in the ICC Task Force on mycotoxin analysis and sampling. This mail confirms that you are on the ICC Task Force distribution list.

The first meeting of the ICC task force on mycotoxins and sampling took place 14 September 2005, at the AACC Annual Meeting in Orlando, USA. About 25 members/representatives of the task force discussed in a brain storming meeting the priorities and goals of the task force.

Please find attached the minutes of the first ICC task force brainstorming meeting in Orlando, FL, USA, September 14, 2005. I would like to extend my thanks to all those who attended the meeting and contributed to a fruitful discussion. I would like to encourage you to review the minutes and give your comments no later than October 20, 2005. All those who were not present at the meeting in Orlando are also welcome to send their comments to [gen.sec@icc.or.at](mailto:gen.sec@icc.or.at) for discussion, even though these comments will not be included in the minutes.

Within the next few days you will receive an excel sheet and you will be asked for your input on information about existing, on-going, and planned validation/standardisation of mycotoxin analytical methods and sampling procedures and involved organisations/institutions as part of the first phase of the work programme of the task force.

Thanks again for your interest and your active participation.

With kind regards

Dr. Roland Ernest Poms
